THE COMPANY STREET

2018 MANCHESTER ST. PATRICK'S DAY PARADE

Sunday March 27th 12:00 Noon Step Off

MAXIMUM EFFORT

Parade Day Parking is available at the following two locations:

Pine Street Lot, behind the Norris Cotton Federal Building, located at 275 Chestnut Street

Lake Avenue Lot, across from the SNHU Arena on Lake Avenue.

You may park in either lot, but aim for the Norris Cotton Federal Building lot. Please be at one of these parking lots by 10:30 AM or earlier. From the parking lot we will take a shuttle bus to the parade start route.

Once we get to the parade staging area, we will do some light drill (wheels, Manual of Arms) to get ready for the parade itself. You may want to bring some kind of snack to munch on while waiting for the parade to get going.

You may polish your brass if you choose, it is not a requirement. We do ask that your brogans be blackened and clean. Your musket and bayonet should also be clean and free of rust.

Uniform of the Day:

Federal Dress uniform or standard Federal Fatigue blouse, with trousers.

Brogans – blackened and clean

Forage cap (No Slouch Hats)

Leathers

Musket – cleaned

Bayonet – cleaned

Canteen

Haversack (you may want a snack so always good to have)

This parade is rain or shine, so be prepared. Keep an eye on the weather and prepare appropriately.

THE COMPANY STREET

2018 Drill and Powder Party

April 14th, South Meadow School, Peterborough, NH
7:30 AM – 3:00 PM

Our annual drill and powder party is a **maximum effort** event. This is a good time for us to shake off the rust of the long winter. We do have a new officer to break in, so please allow for patience while he learns his trade.

Be sure to bring the following uniform items:

Forage Cap
Sack Coat
Trousers
Cartridge Box
Cap Pouch
Bayonet
Waist belt

SOFT SOLED SHOES – NO BROGANS

Canteen
Haversack
Musket – CLEAN

The unit is providing a pizza lunch for this event

A lot of great information was learned at the NR School, so we will be going over that. We usually have a quick FYI meeting to bring everyone up to date with NR business and other company business as well.

Immediately following the drill we will be having a powder party. If you have supplies for filling rounds (powder horns, holders) please bring them along. The more hands to make rounds the faster it will go.

THE COMPANY STREET

!!!ATTENTION TO ORDERS!!!

Submitted by 1st Sgt. Cronin

The NR school of instruction was excellent. We went over a lot and I will go over all of it at our drill April, 14.

If you have never been to the NR school, or it's been a while, you may want to think about it for next year. [Editor's Note: The school really is a great resource for all ranks]

I will be asking for a head count soon for the NEB Drill May,5. It is \$10.00 and you get 2lb. of powder.

As of now April, 11 will be the dead line to get the 2lb.and that's the first 100. After the first 100 you will get 1lb.

So when I ask for a head count, you will have to get back to me right away.

BORDERLANDS EVENT CALLED OFF

For those who did not see Matty's email regarding the September event at Borderlands State Park, it has been called off.

The administrators of Borderlands State Park wanted a large insurance rider for this event to take place. Needless to say, this is very unfortunate. Borderlands is one of the best event sites you can have in the New England area. The area where we held the battles was really not the best, but the rest of the location simply cannot be beat.

Borderlands was one of our two Unit Sponsored Events. As such, we are now looking to have the Red Apple Farm event take its place. When we were last at Red Apple Farm it was for a Tactical Weekend and was by invitation only. This year's event is a NEB event.

THE COMPANY STREET
